SUPPORTING PEDIATRIC BRAIN TUMOR RESEARCH

## **WINNING WITH WYATT'S WESTERN DANCE PARTY! FOR KIDS RAISES MORE THAN \$8,000**

LA GRANGE, IL, April 15, 2024 – Winning With Wyatt's Junior Board and 30 high school students hosted the Western Dance Party!, which was attended by 150 kids from local elementary schools. The event raised more than \$8,000 to support pediatric brain tumor research and helped increase awareness of the disease.

"This is our second year hosting the dance party and it was even better than the first one. The kids absolutely love the event and the high school kids enjoy dancing along with them and leading activities," said Nora Hare, Winning With Wyatt Junior Board member. "My brother had a pediatric brain tumor when he was six years old, so being able to have fun with the kids and raise awareness and funding for research is very rewarding. We really appreciate all the kids, parents, teachers, junior board and friends who helped make this a success."

Funds raised from Western Dance Party! will benefit the Lurie Children's Brain Tumor Center, which offers highly specialized, state-of-the-art care for children with brain tumors, the most common solid tumor diagnosed in children. The center is designed specifically to treat children with brain and central nervous system tumors.

Later this year Winning With Wyatt will host its Concert for Hope on Saturday, May 4, and annual fundraising reception on Saturday, November 2.

### **About Winning With Wyatt**

Winning With Wyatt supports pediatric brain tumor research at leading institutions to find a cure for the disease that is the leading cause of cancer deaths in children. The foundation is also dedicated to building awareness of the impact brain tumors have on children and advocating for more advanced treatment. Winning With Wyatt was established after a child, family and community experienced the impact of pediatric brain tumors in multiple children.
